Informatics Engineering graduate with a strong foundation in Artificial Intelligence, Machine Learning, and data analysis. Hands-on experience in developing machine learning and deep learning projects, analyzing data, and building AI-based solutions. Eager to contribute technical expertise, analytical thinking, and a continuous learning mindset to develop innovative AI solutions

EDUCATION

Bachelor's Degree in Informatics Engineering | Institut Teknologi Sumatera

Aug 2022 - May 2026

Lampung, Indonesia

- GPA: 3.63/4.00
- Focus: Deep Learning, Machine Learning, NLP, and Computer Vision

EXPERIENCE

PT Pertamina Hulu Rokan - AI Engineer Intern

Jun 2025 - Jul 2025

Pekanbaru, Indonesia

- Evaluated enterprise document search solutions to improve information accessibility, operational efficiency, and knowledge management for business users
- Collaborated with technical teams and business stakeholders to translate operational challenges into practical AI-enabled solutions aligned with user requirements
- Analyzed system performance, identified improvement opportunities, and recommended solutions to enhance operational efficiency and support business decision-making
- Presented AI evaluation findings and improvement recommendations to technical mentors and project stakeholders to support solution development

UPA TIK ITERA - Teaching Assistant

Aug 2023 - Present

Lampung, Indonesia

- Operating Systems**
Guided and supported students during laboratory sessions by resolving technical issues and explaining operating system concepts through hands-on practice
- Introduction to Computing & Software I (PKS I)**
Mentored more than 60 students by simplifying programming concepts, resolving learning challenges, and providing personalized technical guidance
Credential ID: B/5359/IT9.E2/TA.00.00/2024
- Interaction Design**
Evaluated UI/UX design projects and delivered constructive feedback to improve usability, design quality, and user-centered solutions
Credential ID: 33133/IT9.3.3/TA.00.00/2025

PROJECTS

Multimodal Deep Learning for Self-Harm Meme Detection | [GitHub]

Aug 2025 - Apr 2026

Tech: CLIP, ELECTRA, Gradio

- Built and curated a custom multimodal dataset by collecting, cleaning, and annotating image-text samples using LLM-assisted labeling based on predefined criteria
- Reviewed and validated annotation results to ensure labeling consistency and data reliability
- Developed an end-to-end AI application by collaborating with multidisciplinary teams, ensuring data quality, model reliability, and effective deployment for practical use cases

Student Face Recognition with ArcFace and SVM | [GitHub]

Jun 2026

Tech: InsightFace ArcFace, Scikit-learn, OpenCV, SVM, Jupyter Notebook

- Developed an end-to-end facial identification system to automate the recognition of 70 student identities from uploaded facial images

- Engineered a pipeline using offline image augmentation, 512-dimensional InsightFace ArcFace Buffalo_L embeddings, and an RBF-kernel SVM classifier with leakage-resistant Stratified Group K-Fold evaluation
- Processed 1,946 facial samples and achieved 82.0% accuracy, 85.4% weighted precision, and 82.4% weighted F1-score

LEADERSHIP & ORGANIZATIONS

Head of Academic & Scholarship Division — HMIF ITERA

Jan 2025 – Dec 2025

Lampung, Indonesia

- Led 4 academic and scholarship-related programs, served as a speaker in a scholarship-sharing session, and managed mentoring initiatives that contributed to 2 students receiving the Pertamina Sobat Bumi Scholarship

Secretary of Desa Energi Berdikari - Sobat Bumi Lampung

Nov 2024 - Dec 2025

Lampung, Indonesia

- Directed cross-functional coordination among internal divisions to streamline project planning and finalize comprehensive proposals for the Desa Energi Berdikari (DEB) initiative.
- Acted as the primary liaison between the organization and external stakeholders, successfully bridging communication with village officials and local communities to secure support for project implementation.
- Managed project documentation and timeline tracking to ensure all technical and operational milestones were achieved efficiently.

Secretary of Minister of Information Technology — KM ITERA

Apr 2024 – Dec 2024

Lampung, Indonesia

- Coordinated multiple IT projects using Kanban methodology and GitHub project tracking, ensuring timely delivery and effective communication among cross-functional student development teams.

SKILLS

- **Artificial Intelligence:** Machine Learning, Deep Learning, Computer Vision, Natural Language Processing (NLP)
- **Programming:** Python, SQL, Data Analysis, Data Visualization
- **AI & Development Tools:** PyTorch, TensorFlow, Hugging Face, OpenCV, Git, GitHub, Linux
- **Design & Productivity Tools:** Figma, Microsoft Office, Notion, Trello
- **Soft Skills:** Public Speaking, Analytical Thinking, Problem Solving, Teamwork, Communication, Leadership, Time Management

CERTIFICATES

- **ITERA English Proficiency Test (InciTe)** - Language Center ITERA (Apr 2026) | Score: 567
- **AWS re/Start Cloud Computing Program** - Orbit Future Academy & Amazon Web Services (Mar 2026 - Present)
- **Belajar Pemrograman Prosedural dengan Python** - Dicoding (2024) | *Credential ID: 2VX3O4W23ZYQ*
- **Memulai Pemrograman dengan Python** - Dicoding (2024) | *Credential ID: L4PQQ8O2PO01*
- **Belajar Dasar Structured Query Language (SQL)** - Dicoding (2024) | *Credential ID: NVP77M3WVPR0*
- **AI Praktis untuk Productivity** - Dicoding (2024) | *Credential ID: 1OP82QOYLPQK*

AWARDS & HONORS

- **Pertamina Sobat Bumi Scholarship Recipient** - Pertamina Foundation (2024)
- **2nd Winner of UI/UX Competition Point Project 2.0** - HMIF ITERA (2024) | *Credential ID: 313/525/SRT/HMIF/XII/2024*
- Guest Speaker for Scholarship Sharing Session at IFGTPB - HMIF ITERA (2024)
