Fresh Graduate in Informatics Engineering with a strong interest in Data Analytics, Business Intelligence, and data-driven decision making. Skilled in Python, SQL, Tableau, data preprocessing, exploratory data analysis, data visualization, and machine learning-based analysis through projects involving social media analytics, document processing, and classification systems.

EDUCATION

B.Eng. in Informatics Engineering - Institut Teknologi Sumatera

Aug 2022 - May 2026

Lampung, Indonesia

- GPA: 3.64/4.00
- Focus: Data Analytics, Machine Learning, and NLP
- Relevant coursework: Artificial Intelligence, Deep Learning, NLP, Multimodal Machine Learning, Data Visualization

EXPERIENCE

AI Engineer Intern — PT Pertamina Hulu Rokan

Jun 2025 - Jul 2025

Rumbai, Pekanbaru, Indonesia

- Developed a Retrieval-Augmented Generation (RAG) and LLM-based system for question answering over internal documents using Python and PyTorch
- Built document retrieval and processing pipelines to improve access to internal information and support AI-driven document digitalization initiatives
- Applied data preprocessing and text analysis techniques to transform unstructured documents into searchable and usable knowledge sources

Teaching Assistant — UPA TIK ITERA

Aug 2023 - Present

Lampung, Indonesia

- **Introduction to Computing & Software I (PKS I):** Guided students in procedural programming and fundamental logic (Credential ID: B/5359/IT9.E2/TA.00.00/2024)
- **Interaction Design:** Provided technical mentoring for UI/UX project development and user-centered design principles (Credential ID: 33133/IT9.3.3/TA.00.00/2025)
- **Operating Systems:** Facilitated hands-on laboratory sessions focusing on process management and memory allocation

PROJECTS

Global E-Waste Data Visualization | [Tableau]

Oct 2025 - Dec 2025

Tech: Tableau, Data Visualization, Data Storytelling

- Created a team-based Tableau dashboard and information visualization poster analyzing global electronic waste distribution
- Visualized e-waste generation across continents, highlighting Asia as the largest contributor with 30.149 million kg of e-waste
- Communicated insights on high-income countries' contribution to electronic waste and global recycling direction toward 2030

Multimodal City Branding Analysis | [GitHub]

May 2026 - Present

Tech: Social Media Analysis, Image-Text Representation Learning

- Analyzing Instagram image-text data to support tourism and city branding research through multimodal data classification
- Developed data collection, preprocessing, and analysis workflow for extracting insights from social media content
- Collaborating with Urban and Regional Planning program on data-driven tourism analysis research

Document AI ChatBot with RAG & LLM | [GitHub]

Jun 2025 - Jul 2025

Tech: Python, RAG, LLM Integration, Semantic Search

- Built a document analysis chatbot integrating Retrieval-Augmented Generation with LLMs for intelligent document question answering
- Developed retrieval and contextual response generation pipelines to support semantic search over internal document data
- Processed unstructured text data into searchable document chunks for improved information discovery

Multimodal Deep Learning for Self-Harm Meme Detection | [GitHub]

Aug 2025 - Apr 2026

Tech: CLIP, ELECTRA, Gradio

- Developed a multimodal classification system combining CLIP and ELECTRA for automatic self-harm meme detection with 96% accuracy
- Conducted model evaluation and performance analysis to assess classification results across image and text data
- Deployed inference system using Gradio on Hugging Face Spaces

LEADERSHIP & ORGANIZATIONS

Head of Academic & Scholarship Division — HMIF ITERA

Jan 2025 – Dec 2025

Lampung, Indonesia

- Managed academic programs and scholarship opportunities for Informatics Engineering students at ITERA

Head of Entrepreneurship Department — Sobat Bumi Lampung

Oct 2025 – Present

Lampung, Indonesia

- Leading entrepreneurial initiatives and community projects focused on sustainability and environmental awareness

Secretary of Minister of Information Technology — KM ITERA

Apr 2024 – Dec 2024

Lampung, Indonesia

- Managed administrative documentation and coordinated IT-related projects within the student government

Staff of Publication & Documentation Division — HMIF ITERA

Mar 2024 – Dec 2024

Lampung, Indonesia

- Documented organizational events and managed public relations materials for the Informatics Student Association

SKILLS

- **Data Analytics:** Data Cleaning, Data Preprocessing, Data Visualization, Document Analysis
- **Programming & Database:** Python, SQL, Git, Linux
- **AI/ML:** Machine Learning, Deep Learning, NLP, Computer Vision, LLMs, RAG
- **Frameworks & Tools:** PyTorch, Scikit-learn, Hugging Face, OpenCV, Transformers, W&B, Tableau, Figma

CERTIFICATIONS

- **AWS re/Start Cloud Computing Program** - Orbit Future Academy & Amazon Web Services (Mar 2026 - Present)
- **Belajar Dasar Structured Query Language (SQL)** - Dicoding (2024) | Credential ID: NVP77M3WVPR0
- **Belajar Pemrograman Prosedural dengan Python** - Dicoding (2024) | Credential ID: 2VX3O4W23ZYQ
- **Memulai Pemrograman dengan Python** - Dicoding (2024) | Credential ID: L4PQQ8O2PO01
- **AI Praktis untuk Productivity** - Dicoding (2024) | Credential ID: 1OP82QOYLPQK

AWARDS & HONORS

- **Pertamina Sobat Bumi Scholarship Recipient** - Pertamina Foundation (2024)
- **2nd Winner of UI/UX Competition Point Project 2.0** - HMIF ITERA (2024) | Credential ID: 313/525/SRT/HMIF/XII/2024
